UNDERSTANDING SCHIZOPHRENIA

Many of the individuals that PPTFH serves are dealing with the mental health challenge of schizophrenia. How can we better understand and help homeless people living with this illness?

It is a privilege to have as our speaker, Elyn Saks, a renowned expert on schizophrenia who has experienced it most of her life. Ms. Saks is a Distinguished Professor of Law and Professor of Law, Psychology, and Psychiatry and the Behavioral Sciences at the USC Gould School of Law. She is the author of many articles, book chapters, and five books. One of her books, ***The Center Cannot Hold***, is a compelling memoir documenting her challenges and

growth (which is recommended reading to give perspective and context to her presentation). Expect to gain insight, empathy and hope for those among us who are experiencing mental illness.

Attendance at PPTFH community meetings is encouraged and needed. It is a way to be involved, provide support to the growing PPTFH community-wide program and help address homelessness in the Palisades. Come and participate!
