An Initiative to Eradicate Homelessness

*Leveraging Innovation, Partnership & Data to Provide Dignity for the Underserved
with Health and Safety in Mind for the Community*

Distinguished Keynote Speaker:

Lewis C. Horne, CBRE, Division President, Pacific Southwest

The latest count of homeless individuals in Los Angeles City and County has stunned and dismayed elected officials and citizens alike. Despite huge increases

in funding allocated to alleviate homelessness, the numbers of individuals living on our streets has increased.

A central challenge in addressing the numbers is finding appropriate places to locate emergency shelters, permanent housing and essential social services. Mr. Horne, in addition to his business responsibilities in Southern California,

Arizona and Hawaii, is embracing the “location” challenge through innovation, data and partnerships.

Please join us to hear and discuss some new, thought-provoking ideas for addressing the enormous challenge we are all facing.

Attendance at PPTFH community meetings is encouraged and needed. It is a way to be involved, provide support to the growing PPTFH community-wide program and help address homelessness in the Palisades. Come and participate! Questions: pacpalihf@gmail.com.
