Town Hall Meeting: Panhandling in the Palisades

“To give or not to give - that is the question!”

Thanks to our wonderful community’s growing support and our dedicated outreach team, we continue to make great strides in helping our homeless people off of our streets. **But what should we do about the homeless people that panhandle on our streets?**

- What is their impact on the Palisades?
- Should we give money or not? Does it help them or not?
- How do we reconcile our own feelings of wanting to help with the uncertainty of knowing if giving money on the street is really assistance or a hindrance to the person and our community?

There are no clear answers and many points of view about this challenging subject. Please join our town hall discussion and share your experiences and thoughts about panhandling in our community.
